

## **ROY JENUINE**

Roy Jenuine was born in San Gabriel, California and grew up in Norwalk, California. In 1977 he worked at Arcosanti, an experimental, green-designed city in the Arizona desert. He attended Humboldt State University before graduating from San Diego State University with a BA degree in Fine Arts/Furniture Design in 1979. Roy has taught woodworking and furniture design at Mira Costa College.

In addition to working for private clients, Roy worked in Japan building furniture for a wedding chapel in Karuizawa. He has made his living as a designer craftsman doing interior design, furniture and architectural mill work for homes, mostly in North San Diego County.

From 2004 to 2006 he restored and added to his own home which had been recycled when it was moved from Cardiff to Leucadia years earlier.

Roy's work is influenced by folk art, architecture, salvage yards, smoking accoutrements, extreme sports, camp store finds, and camping near the ocean.
