

THE PENDLETON TWO THEY STOOD UP

Saturday October 7th 1:30pm - doors 1:00pm

Discussion with the film's creators and community members to immediately follow.

The film documents the struggle to free political prisoners John "Balagoon" Cole and Christopher "Naeem" Trotter, who have been unjustly incarcerated since 1985 for resisting white supremacist violence. Produced in partnership between IDOC Watch and the P2 Defense Committee, this documentary is a must-see for anyone unaware of the history and culture of the Indiana Department of Corrections and how this relates to the for-profit-prison system in America today.

The screening is free and open to the public.
