Saturday, April 18, 9:00-5:00

Sunday, April 19, 11:00-4:00

\$185 + (\$25 materials fee)

Details:

Instructor: Debra DSouza.

In this weekend beginner class, students will design and create an 8" X 8", indoor mosaic using richly colored stained glass. We will cover all the steps of mosaic creation, from preparing the substrate, design, tool use, setting and grouting. Use your own design, or choose from a selection of prepared designs for your piece. Use of tools, substrate, glass and all materials are included. No art or mosaic experience necessary.

You will leave with a framed work of art AND the basic knowledge to move forward on your new mosaic adventure and a printed handout for future reference.
