

AUSTIN PARK

Austin Park (b. 1980) was born and raised in Florida and attended the *New York Academy of Art* where he received his MFA in painting and was awarded a post-graduate fellowship. He currently is based in Jacksonville, Florida. The artist is drawn to the inherent narrative possibilities of figuration and environments with a sense of an idealized and somewhat fantasized representation. His current work has been heavily influenced by the abstract qualities of the industrial landscape and modern life that shares a language with artists such as Charles Sheeler, Giorgio de Chirico, and George Tooker. Mr. Park's work has been in various shows and private collections throughout New York, Connecticut, Virginia, and Florida.
