Spring Art Tours 2022

Please join Rena Sternberg for her 32nd year of leading art tours. The tours consist primarily of visits to contemporary art galleries, private collections, artists' studios, and museums of special interest. Each tour includes a catered, or restaurant lunch and an informal lecture by an artist or art dealer. This year our tour dates consist of **two Thursdays and three Fridays**. We have added an extra tour to accommodate for our later start. You may sign up for three, four, or five tours. Please keep in mind you must sign up for a minimum of three tours. ***If you do not know your spring schedule, please send in your application and check or Zelle payment with potential dates. You can always change your dates later in the season.***

<u>Thursdays</u>	<u>Fridays</u>
March 17	February 25 June 3

Each month you will be notified of the starting location for the tour. Transportation is arranged by each individual. However, if you need travel assistance, I am happy to help with arrangements. Tours begin between 10:30 and 11:00 am and finish at approximately 1:30 pm. Although the purpose of the tour is educational, in some galleries I may receive a commission if a purchase is made.
