Fall Art Tours 2017

Please join Rena Sternberg for her 30th year of leading art tours. The tours consist of visits to contemporary art galleries and visits to private collections, artists' studios, and museums of special interest. Each tour includes a catered lunch and an informal lecture by an artist or art dealer. Each month, there is a Thursday tour and a Friday tour, however you are welcome to mix and match. There is a **three** tour minimum throughout the fall season. ***If you do not know your fall schedule, please send in your application with approximate dates and payment no later than Friday, August 30th. You can always change your dates at a later time.***

Thursdays: September 7, October 12, November 30, December 14

Fridays: September 22, October 20, November 17, December 1

Each month you will be notified of the starting location for the tour. Transportation is arranged by each individual. However, if you need travel assistance I am happy to help with arrangements. Tours begin at 10:30 am and finish at approximately 1:30 pm. Although the purpose of the tour is educational, in some galleries I may receive a commission if a purchase is made.
