Fall Art Tours 2018

Please join Rena Sternberg for her 30th year of leading art tours. The tours consist primarily of visits to contemporary art galleries but also include visits to private collections, artists' studios, and museums of special interest. Each tour includes a catered, or restaurant lunch and an informal lecture by an artist or art dealer. This year our tour dates consist of **two Thursdays and two Fridays**. You may sign up for two, three, or four tours. Please keep in mind you must sign up for a **minimum** of two tours. ***If you do not know your fall schedule, please send in your application with potential dates and payment by September 7th and choose dates at a later point.***
