

## *The Artist and the Purchaser*

*I am offering my integrity as an artist.  
If the expression of the art work resonates with you,  
The image will give you pleasure and an enduring emotional  
and intellectual conversation with over the years to come.  
The passion and the quality that the client sees in the artwork will  
guarantee its care after they die. That is very meaningful to me.  
Therefore, it is a match made in heaven.*

You will feel great satisfaction  
that you have brought something new into your space  
enhancing your room. You can study it up close and wonder at the image and the  
techniques used to make this image. Every day, as time goes by it is there for you and  
as you grow older, you will discover new insights in what it means to you.  
Your appreciation of its meaning will increase.  
It will greet you when you enter the room..... like being in love.  
A love that will be there for you, forever.  
A painting that you chose says something to  
others about you.

It can represent what you stand for as a person in your social circles or in your business.
