*"I am very grateful for my artistic gifts and my wonderful patrons.
I can't continue this journey without you.
Thank you!"*

"Marion is a super talented artist. She has a wealth of experience & knowledge in her field of painting as well as teaching arts. Marion exudes great passionate & fierce energy when it comes to her love for painting & her work translates all these emotions beautifully by taking you to a rather spiritual world where you connect with yourself and the universe on a multi dimensional level. The vibrant colours, combination of soft yet efficiently intentional brush strokes & spontaneous movement of her fingers on the canvas, create an effortless sense of artist at play - though some of her series take 10 years to develop & manifest. Marion Webber's painting are an excellent addition to any space. They are all unique in their own special way. Each piece will ignite a silent conversation within as well as offer an invitation to a dialogue - into your home and/or place of business, where your family, friend, colleagues & clients would connect, contemplate and converse over these one of a kind and lively pieces of beautiful art."

"I purchased a painting from Marion about 8-9 years ago and it hangs prominently in my apartment. Even today its probably my favorite piece among about 10 works I own. I believe it has also appreciated in value. I wouldn't hesitate to buy from Marion again if I have a desire for more art."

"I am a big fan of Marion's art. Over the past few years I have purchased two large paintings, a medium piece and a collection of 6 smaller paintings. I never get tired of her paintings and really enjoy her depiction of grasses and trees. I really recommend her work to anyone as I really feel it is good value for the quality of the works."
