EFX animator

rosannalyonsfineart@gmail.com

I am a highly experienced traditional visual effects artist, designer, tutor and animator. I spent many years in the animation industry, designing, and animating work for Disney, Dreamworks SKG, Amblimation and Film Roman, working on such projects as The Hunchback of Notre Dame, The Prince of Egypt, The Simpsons and The Simpsons Movie.

I have a fine and detailed eye for naturalistic effects. I feel that this expert eye would benefit any studio or company looking to make their artwork really look it's very best.
