JIMMY McBRIDE

Artist Bio:
Jimmy McBride (b. 1979) is a Brooklyn, New York based artist investigating how masculinity is constructed and presented in our modern time through a reverential lens of art and art history. With manipulated source material found on the internet he uses humor to draw attention to the peculiarity of the masculine facade. His work has been shown in exhibitions across the United States as well as internationally at the Museum of Contemporary Art in Oslo, Norway. In 2010 he was awarded AOL's "25 for 25" Grant.
