

MILE OF MURALS

The Mile of Murals is a vibrant, community-driven public art project nestled in the heart of Chicago's Rogers Park neighborhood. This initiative has transformed the neighborhood into an outdoor gallery, showcasing the rich tapestry of creativity and culture within the community. Each mural tells a unique story, making this project a colorful testament to the unity and artistic spirit of Rogers Park.

These captivating murals not only adorn the streets but also play a crucial role in revitalizing both the commercial and arts districts. They infuse life, culture and energy, PLUS they foster a sense of belonging, inspire community pride, and attract visitors. The murals ultimately transform Rogers Park into a thriving hub of artistic expression and community engagement.

The Mile of Murals is located in the Glenwood Avenue Arts District. It runs along both sides of Glenwood Ave. between Pratt and Estes Avenues in Rogers Park, Chicago.

The Mile of Murals is possible thanks to the Clark/Morse/Glenwood Special Service Area #24.
