

Suzie Collins

Collaboration Art

There's nothing more personal than having a painting in your home created by the people you love the most.

Collaboration Art is a custom painting offer where you, your kids, friends or family participate in a collaboration with artist Suzie Collins as your creative director.

How it Works: Together we will create the perfect painting for your home, a collaboration full of your loved ones personality.

- Send Suzie an email at SwiftArtGallery@gmail.com with the title "Collaboration Art Inquiry" or navigate to contact info to text for a faster response.
- A consultation meeting will be set via phone or in person to determine the size, color and style.
- An estimate will be provided to you within (1) business day (pricing listed below).
- A time and place will be scheduled to create this masterpiece!
 - This generally takes 1-2 hours depending on the age and number of participants
- Suzie will provide the canvas, materials and instructions
- This is a hands-on instruction; Suzie will be participating with you, directing and guiding the look and feel of the painting.
- Once complete, the painting will be taken to Suzie's studio and completed to give it the glamorous feel you want in original art but not losing the authenticity of your loved ones and their markings, handprints, etc.
- Finished paintings will be delivered within 3-4 weeks.

Gifting: This is a great gift to provide a family member for the holidays, birthday or anniversary. For friends, this is an amazing wedding gift given as a keepsake from your closets friends. *(Gift certificates are available)*

Pricing: Pricing is based on the number of participants, style of the painting and size of the canvas. A guide for pricing is below:
