

LAURIE GOODHART

Laurie Goodhart has been painting and working in mixed media for over 40 years. Her work is in hundreds of private collections throughout North America, as well as a smattering in Europe and India.

Goodhart received her BFA from the University at Albany after interrupting studies to spend several years making props and set dressing for children's theatre and opera. The deep immersion in over-life-size fantasy productions continues to inform her artwork. The largest part of the work is in oil on canvas but also includes prints, artist books, large scale paper mobiles, and sculpture.
