Artist Residencies: 2005, 2006, 2007, 2008, 2009, 2012
Cité Internationale des Arts, Paris France

Residency Project: continued documentation of the visual landscape from selected urban environments. Paris, a city rich in surface texture and color, provides the creative impetus for my large scale photographs.

"I see beauty in randomly scavenged details; details that would normally have gone unnoticed."
