***Sabes bien que fue un engano  
Lo que me hiciste fue un pecado  
Asi mismo me enganaste  
Honey I keep you hot and wet, just flooded  
with ice  
And you can spend all day and chill, all night  
Come sleep with the king, peep what I bring  
Every few weeks it's a bigger size ring  
Carats ain't nothin' when the cabbage ain't  
nothin'  
I got habits like goin to Paris I ain't frontin'  
You can never need for nothin', only one pipe  
Would you like to go to dinner, wit Jordan and  
his wife?  
Am I moving fast? It could happen real soon  
Thousand dollar shoes, dance in ballrooms  
You know the dress, that got the party  
impressed***

***You'll only wear it one time, cause the world is mine***

***I try to address it, but you never get the message***

***You the water in my life and I'm trapped in the desert***

***I never seen a honey sweeter, won't stop***

***Till I get her cause I need her, my senorita***

***Mami ven aqui, I wanna be your***

***Papi chulo can't you see? mi amor***

***Baby I need you conmigo***

***Your style is my steelo te necesito aqui***

***Te necesito yo a ti, te amo***

***Her name is Carmen, she live down in Spanish Harlem***

***And I think I have the key to her secret garden***

***When I seen her, I used to want to beg her  
pardon***

***But I was scared, I ain't really have the heart  
And when she walked by, I would panic, even  
though***

***I was cool with her pops Lou, the mechanic  
Went to school with her brother, that's right  
I never could build up the words to express  
how I loved her***

***Long hair, pretty face, slim waist***

***The kind that you marry and take to another  
place***

***And exchange vows, spend thous***

***Make love in a hot tub, where there's a hot  
towel***

***She'll be loyal without being spoiled***

***You can shuck all you want but she's still  
gonna ignore you***

***Makes no sense to say mira  
Cause bet she won't turn him around, she's  
my seniorita  
Mami ven aqui, I wanna be your  
Papi chulo can't you see? mi amor

Te necesito yo a ti, te amo  
Baby come to me

I rock regular clothes, as well as Gucci too  
And if you don't believe me, ask Groovy Loo  
You're beautiful, so I stay true to you  
I think you oughta see things like Bermuda  
boo  
No cooperation, got me walkin' around pacin'  
Patient, waitin' for my day of penetration***

***Your relationships is bullshit, your man is a  
prick***

***With a little bit of bricks and a whip baby***

***Please, I got plenty of V's***

***What you want the pink C-2, or the yellow  
3-2-5***

***That's when I opened my eyes***

***I was dreamin', damn it was all a surprise***

***But it felt real, I hopped up in a wet chill***

***Yet still gotta keep this one concealed***

***Even though I never got a chance to meet her***

***I still need her, cause she's my senorita***

***Mami ven aqui, I wanna be your***

***Papi chulo can't you see? mi amor***

***Baby I need you conmigo***
