RUTH STAGE NEAC

Nicholas Usherwood, Art Critic, writes in the May 2011 issue of **"Galleries"**:-

"Egg tempera on gesso board is not perhaps the first technique that might spring to mind in painting contemporary landscapes but Ruth Stage an astonishingly gifted R.A. Schools graduate has turned it very much to her advantage in recent years.

As her latest show at the **Russell Gallery**, makes very clear, it transforms the apparent Conservatism of her subject matter –Umbrian hill-towns, London parks and East Anglian Seascapes – into an always fresh and sparkling vision of the visual world".
