

VISION

Mission Statement:

To inspire others to have a greater love for each other through the means of photographic arts. to encourage the community through photography and provide insight on their meaningful goals and perception/ practice as artists, mentors or patrons of the arts. We are better together, friends. A mission is to help each other cultivate culture and what matters. Powerful goals change lives.

Mentoring:

Supplying 35mm film cameras, equipment, time, knowledge and resources to young aspiring photographers for no monetary reward.

- Organizing art exhibitions or opportunities to aspiring artists worldwide.
- connecting and networking emerging artists to one another, to their artists path, leading them to greater potential and opportunity.
- Consultation
- Art therapy
- Crisis services and support to artists in need.
- portfolio review

Goals:

- Build a photographic scholarship in the analogue arts and or offer a grant for hard working visual artists.
- Facilitate meaningful opportunities that change artists' lives.
- Offer free studio spaces in exchange for gardening and care taking of the art centre/facility.
- Pass on knowledge and inspiration for generations to come.
