On Thursday morning when I gave you your phone charger why could you not drive away. Why did you come into the bodega and force me to come with you? You abused not only my physical being but took advantage of the feelings I had for you.

Baby, I am very sorry for every mean thing I've done to you. I would die for you. You know that.

Don't you

You distort reality

Diamond, please just have peace. I am so distraught man.

Recklessly and unnecessarily

Under false accusations

If you fuck me I will fuck you.
