

You racist piece of shat!

As soon as you felt your little meaningless escapade is threatened, you IMMEDIATELY threatened to use your White privilege to lock me up.

.....Don't let me...EVER...see you post some shat about Black people anymore. We don't need you; we don't need racist pigs like you...pretending they give a shat about the real Black man.

If you continue to pretend you give a shat about Black people, I will use ALL my social media powers...to dismiss your bullshit, pretend nonsense.

You don't give a shat about us.

You're a racist piece of shat...threatening to lock up a Black man...for begging you to not violate us...

"Leave me alone. I've been consistent with this."

"If you continue this, make attempts to see me, **I will ask for help to keep you away from me.** If you do not respect and honor my wishes, I will have no choice..."

Of course, you will "ask for help to keep" me away from you...You're FUCKING WHITE...VERY FUCKING WHITE...
...YOU ARE A RACIST PIECE OF SHAT...to tell me today, after all we've been through, that you're contemplating using the White card on me...to send your dawgs after me...to lock me up...

.....I always KNEW that about you; I'm just fucking stubborn...because I love your racist ass.

TYPICAL...no surprise there.

All because you want to chase BULLSHIT...because you have no sense of the future...
...I dunno...maybe you'll lock me up; maybe I'll be strong enough to escape it.

Whatever it is, I hope your days being
