"No, I did not expect the ride to be "honey and cookies". And I certainly did not expect it to be abusive..."

Hey, I have no argument against that. All I can say is that I've made mistakes. BIG ones, and I've learned from them...

...I will never treat you that way again.

...I will never give a shit about your stupid whereabouts.

...I will never care about what you do; who you see...**I JUST FUCKING WANT TO HAVE ACCESS TO YOU.**

I am not perfect. That said, I'm an intelligent motherfucker. I KNOW the best course for me is to leave you the fuck alone, and let you be your fucking self.

.....I cannot benefit from fucking with you...look where I am now...all because I fucked with you.

Baby.....Please give me a chance! I'm doing the best I can...and my best is pretty fucking good.

70% of idiots who take their treatment seriously...fucking SUCCEED....

We'd have to be fools to throw all our shit out...in the face of such positive odds.

.....Please relax!

**I JUST want to be your fucking friend.**

.....Is it really that hard, or are you just hiding dumb shit from me?

Either way, I don't give a fuck.

.....The goal of seeing you is **TO SEE YOU.**

I couldn't care less about anything else.

I love you so much!

You really don't need to be so careful with me...

...I will never cause you grief.

Oh, baby...I'm so distressed over how you're treating me...UNNECESSARILY.

You are fucked up.

No, I did not expect the ride to be "honey and cookies". And I certainly did not expect it to be abusive . Go find someone else who finds that shit normal.

You are NOT my best friend.

That "hustle" you like yo romanticize about was dysfunctional bullshit.

"I'm sorry. I've dissed you because YOU were inconsistent. Your "Prime Time" was rooted in sexism and misogyny, intimidation and control..."

I accept ALL that.

Please, just understand that ALL I want is ACCESS to you...you're not afraid of me; the last time, you came to see me, and we BOTH healed...instantly.

I just want you to know that you don't need to keep away from me...for any fucking reason.  
.....I will understand EVERYTHING/anything...WHY DAFUCK can't you believe me?

You don't fucking need to cut me off! I'm your best fucking friend...even if you don't realize it now.

I will NEVER hurt you; I will NEVER cause you grief; I will NEVER pin you down in bullshit conversation...

...PLEASE, believe me! You run zero risk with me...  
...I've realized how much I SUFFER when I bring you bullshit.  
I will NEVER bring you bullshit again.

Please quit hiding from me; let's be fucking friends...  
I HAVE ZERO ILL FEELINGS TOWARDS YOU; I've caused everything.

Please calm down; stop worrying, cut off the anxiety...  
.....I love you so much!...you have no fucking idea.

I am ready for anything...ANYTHING...I just want to have access to you.

We've hustled with Solara for months...under THE WORST CIRCUMSTANCES...did you expect the ride to be honey and cookies?...gtf outta here.

Shat was frustrating.

I love you.  
I miss you.  
I will NEVER give you grief again.

## **FUCKING BELIEVE ME!**

Shat!

I am no longer judgmental...shat...I've suffered too much to give a shat.

ALL i want is to have access to you.

I love you so much...  
...I have no problem shutting the fuck up, letting you be, and enjoying your fucking company...

.....Stop fucking around; stop fucking WORRYING...sweet Jesus.

I'm brand new, baby.

I will be so fucking cool...  
...and I won't give a shat what your choices are...

I will be so fucking cool...  
...and I won't give a shit what your choices are...

Relax!  
Let me stay in your life; NOBODY loves you like I do.  
.....You can trust me on that.

I WILL MAKE YOU HAPPY.

What we HAD was a fucked up dysfunctional relationship. I am no longer committed. I am no longer obligated. I'm not "dissing" you. I'm over you. And if you've changed, for the better, and not that person I was with all of those

months, I'm sorry. I've dissed you because YOU were inconsistent. Your "Prime Time" was rooted in sexism and misogyny, intimidation and control.

I've always stated that you make me feel small BECAUSE YOU DO...there is no racial element in this...just a consistent diss.

I don't give a fuck.

I just want to see you; to play with your hair, to hold you in my arms...  
...All your worries are bullshit to me.

I JUST WANT TO SEE YOU to celebrate you; to show you fucking love.

WTF is wrong with you?

WHY would you want to throw everything we have out...because you are anxious...needlessly?

I love you, girl.  
I will agree to ANY FUCKING THING.

.....Please get that through your pretty skull.

I don't give a shit; I just want to see you.

Please, stop fucking WORRYING.

WTF?

I want to see my baby.

Damn!
