Ein Versuch, alle Systeme und alle Machtstrukturen zusammen zu bringen, die enden müssen, um eine Gesellschaft zu gründen, die auf Liebe und Freiheit basiert. Die Kraft des Wortes nutzen. Unter direkter Bezugnahme auf John Lennon & Yoko Ono's Botschaft von 1968 "WAR IS OVER". Der „Krieg“ bezog sich auf den Vietnamkrieg mit einer klaren Implikation: wenn genug Menschen mobilisierten Einfluss auf Politiker und Kriegsprofiteure, dann könnte der Krieg enden. Ich glaube, wir befinden uns in einem Moment in der Geschichte, in dem es sehr wichtig ist, unsere Stimmen auf eine Frequenz zu bringen, die der Vorstellungskraft entspricht. 'Nuff said.

An attempt to bring together all the systems, institutions, identities and all power structures that have to end in order to found a Society based on Love and Freedom. With direct reference to John Lennon & Yoko Ono's message from 1968 "WAR IS OVER", using the power and magic of language. The "war" referred to the Vietnam War with a clear implication: If enough people mobilized influence over politicians and war profiteers, then the war could end. I believe we are in a moment in history in which it is very important to raise our voices to a frequency beyond imagination. 'Nuff said.

In een poging om alle systemen, alle instellingen, instuten, identiteiten en machtsstructuren bij elkaar te brengen die moeten beëindigd worden om een samenleving te creëren, gebaseerd op liefde en vrijheid, gebruik makend van de magie van het woord en met een directe verwijzing naar John Lennon & Yoko Ono's boodschap uit 1968 "WAR IS OVER". De 'oorlog' verwees naar de oorlog in Vietnam met een duidelijke implicatie: als voldoende mensen invloed zouden mobiliseren op politici en oorlogsprofiteurs, zou de oorlog kunnen eindigen. Ik geloof dat we ons op dat moment in de geschiedenis bevinden waarin het belangrijk is om onze stem te verheffen tot een frequentie die onvoorstelbaar is. 'Nuff said.
