Once I receive your payment, I will send you an email with a traceable copy of the image for your chosen session, plus a list of supplies you will need, and a link to join your event at the scheduled time. As a BONUS, after each session is completed you will receive a link to a video recording of your paint party, which you may view as often as you wish. Paint Party participants will have private, exclusive access for three months; after that time the videos will be made public and become part of my promotional materials. You will still be able to view them, but all or portions may be used in my advertising.

At party time, gather your supplies (I'll be using watercolors), your favorite party beverage and snacks, click that link and join us to have fun, unwind, and explore your creative side in a totally easy, pressure free atmosphere. I will guide you step by step from start to finish, so no experience is required, and if you are already an old hand at painting come enjoy painting with friends and of course you may feel completely free to put your own personal stamp on your piece if you want to. Everyone will finish the session with a beautiful piece of art that you can proudly hang on your wall in your home or give as a gift to a friend.
