Havana, Cuba

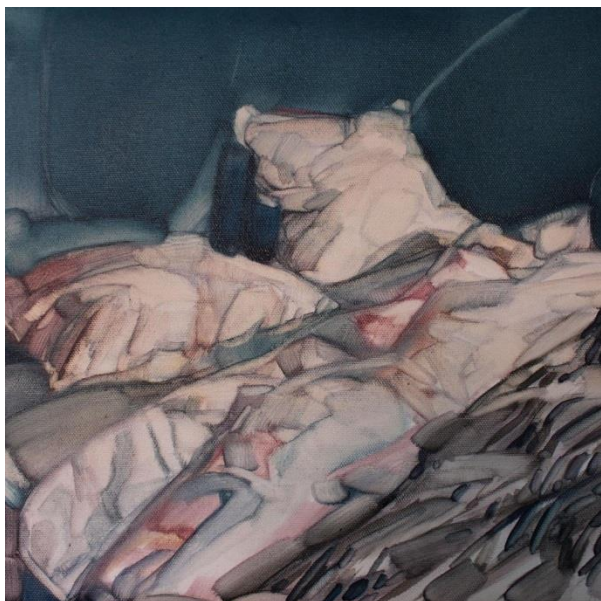

Ona Galeria is pleased to present the first of a series of exhibitions of an ambitious and unprecedented project: ***Binomios – Inside Outside***, that seeks to bring the work of one Cuban and one foreign artists together, in two exhibitions: one in Ona Galeria, Havana and one in the foreign artist's country.

On the occasion of Havana's 500th anniversary, **Ona Galeria** presents the first exhibition of this series, that reveals under an artistic light the long-time link between Cuba and Sitges, Spain, one of the Catalan villages where more people migrated to Cuba in the 19th and first half of the 20th centuries. *La Habana-Sitges* presents the works of Lester Valdés, a talented young Cuban artist, together with Marga Miret works, an established artist from Sitges, Spain.

Valdés paints his indoor and inner spaces, with the objects that inhabit them, resulting in a pictorial intimacy where each one of us is allowed.

Miret creative process starts from the inner look into her childhood memories, summers, sounds, flavors and the landscape of the place where she has grown and live, to become outside spaces, seas, skies enriched by her inner life.

Inner worlds and outside spaces from inside and outside the Island of Cuba.
