About me:

I'm Anaika and I am 13 years old. I have been drawing all my life and these works are only a small part of my artistic oeuvre. I have a lot of creative ideas which I bring to life by making drawings of cartoons, comics and animations. Art is very important to me because it allows me to capture my imagination. It is simple and accessible to do and yet so rich and full of possibilities. Creativity keeps my mind open and inspired. It is fun to bring humor into my art because it makes people I share it with laugh and feel lighter. Hope you enjoy my work. Thanks for having a look!

Thank you for viewing my portfolio!
