## Profile

An emerging visual artist based in Kijipuktuk (Halifax), Nova Scotia, looking to expand her knowledge and broaden her horizons in both professional and interpersonal manners.

## Related Experience and more

***Student Art Teacher – January 2021- June 2021/ Moncton Highschool, Moncton, New Brunswick.***

During my time at Moncton High, I was seized with the opportunity to become a student teacher and a mentee to one of the visual arts teachers through a co-op program. During my time there, I used class time and office hours as both a studio and a teaching opportunity. As a student teacher, I was responsible for class monitoring, answering questions about assignments and in class projects, giving artist talks to the students present and developing my own lessons.

## Volunteer work

***Artist and venue Assistant Volunteer- Nocturne Art Festival, Halifax, Nova Scotia/ 2024.***

While volunteering for Nocturne, my responsibilities were to effectively communicate with the artists about their work to ensure proper communication with the festival participants. I made sure that participants interacted with the piece the way it was intended to. Being excited and encouraging interaction with the piece was also a very important aspect of my duty as it helped spark interest in others. Last but not least, giving directions and following safety regulations played a huge role in completing my volunteering shift successfully.
