Sandusky, Ohio, USA • www.anetawlodyka.net • anewlod@gmail.com

PROFILE

Aneta Włodyka creates installations, sculpture, paintings, and objects through a dialogue with the spaces she inhabits. Working through reduction, pigment, and material restraint, she investigates the tension between an indifferent exterior and emotional presence. Her work transforms ordinary materials into quiet environments that invite sustained attention and reflection. Born in Poland and based in Ohio, she has exhibited internationally in Europe and the United States.
