

Symbolism Rubric and Grading Points					
Formative = 50 points					
Summative = 50 points					
ATL = 10 points					
Total Points = 110					
Formative tasks	Possible Points	Exceeding	Accomplished	Emerging	Needs Support
Sketchbook		Sketchbook shows significant classroom work. There are several pages of brainstorming and 50 preliminary sketches.	Sketchbook shows classroom work, 1-2 pages of preliminary sketches and brainstorming	Very little preliminary work 1/2 page or less	No preliminary work
Summative tasks					
Finished work		Finished work demonstrates a thorough understanding of previously covered material in color theory, brainstorming, and journaling. Student is able to convey ideas through symbolism as evidenced by an interpretation from a peer. Student expands on this prior knowledge through experimentation and risk taking in order to create new skills and learning. Student reflects on the work, considers successes and failures/challenges, and finds ways for improvement as evidenced by their reflection statement. 50	Finished work demonstrates an understanding of most of the previously covered material in color theory, brainstorming, and journaling. Student is able to convey ideas through symbolism as evidenced by an interpretation from a peer. Student reflects on the work and considers successes and failures/challenges.	Finished work demonstrates understanding of portions of previously covered material in color theory, brainstorming, and journaling. Student is able to convey ideas through symbolism as evidenced by an interpretation from a peer. Finished work demonstrates understanding of previously covered material in color theory, brainstorming, and journaling. Student is able to convey ideas through symbolism as evidenced by an interpretation from a peer. Student reflects on the work and considers successes and failures/challenges.	One or more of the following: No finished work submitted. A finished work does not incorporate previously covered concepts such as color theory.
ATL					
Classroom work, participation, and discussion.	10	Participates	NA	NA	Does not participate.
